

Teachers – Non-load-Bearing Teachers (Form 1B)

Description:

Here you place teachers who teach children but are not considered load-bearing teachers. The students are assigned to another teacher but are served by this teacher for some of the time, normally in a pull-out situation.

Goal:

To record all current cost information about the nonload-bearing teaching staff.

Column Description:

Teaching Assignment – Non load-bearing staff

Full-Time Equivalents – Total Full-Time Equivalents for each assignment.

Total Number of Students – Total number of students for that assignment.

Cost – Total cost of the assignment based on non-load-bearing teaching salaries.

Cost per Student – The program will divide the cost by the total number of students.

Amount Paid for by Non-general Fund – Amount of funding paid by entitlement funds, competitive grants, etc.

Comments – Document any information around staff allocations and school flexibility.
